INDIVIDUAL DEBTOR CASH RECEIPTS AND CASH DISBURSEMENTS
(This Form must be submitted for each Bank Account maintained by the Debtor)

Amounts reported should be per the debtor's books, not the bank statement. The beginning cash should be the ending cash from the prior month or, if this is the first report, the amount should be the balance on the date the petition was filed. Attach the bank statements and a detailed list of all disbursements made during the report period that includes the date, the check number, the payee, the transaction description, and the amount. A bank reconciliation must be attached for each account. [See MOR-1 (INDV) (CON'T)]

A Total receipts will not tie to total deposits on the Summary tab by the amount of transfers between Debtor's accounts (\$500). Transfers are counted as deposited income per the bank statement analysis, but they are not income for the purposes of this analysis.

B Total disbursements will not tie to total withdrawals on the Summary tab by the amount of transfers between Debtor's accounts (\$500). Transfers out are counted as withdrawals per the bank statement analysis, but they are not disbursements for the purposes of this analysis. Additionally, the cumulative amount will not tie by \$500 which is the cumulative amount of the transfers.

C Note that there is no difference between the deposits and receipts and the difference between disbursements and withdrawals is \$500 due to an account transfer. Therefore, end of month cash per this analysis does not tie to end of month balance on the Summary tab per the bank account analysis.
